

## NTC Incentive Program Winter 2018 / 2019

NTC stands for "New Technology Center" and has been creating and implementing incentive programs and group events in the wonderful scenery of Nassfeld / Hermagor for more than 10 years. Constant development and cooperation with various competent partners such as mountain guides, make it possible to expand our range of services and to continuously present innovative and fun events. We are pleased to present to you our newest programs for groups:

With us you will experience excitement, which connects people

### Minibob contest

**20 to 100 + participants – minimum 12 years - 1 to 3 hours – end of December till end of March, also possible in the evening**

***Organization of the contest, assembly and disassembly of the race track, supervision, monitoring and schooling by NTC guides.***

It is a very fast descent sitting on the zipflbob. Using a simple KO system where the 2 fastest participants of each race continue into the next round. In collaboration with your hotel or a local après ski bar it is possible to organize a Glühwein (mulled wine) corner for all participants to sheer and keep warm right next to the race course.

### Snowshoeing

**10 to 25 participants – minimum 10 years - 1 to 2 hours - from end of December till end of March**

***Guiding and equipment by NTC Guides.***

A gentle stroll through the Nassfeld forest or in the valley, with snow shoes.

### Torchlight hike with snowshoes

**10 to 25 participants – minimum 10 years - 1 to 2 hours - from end of December till end of March, in the evening**

***Guiding and equipment by NTC Guides.***

A gentle stroll through the Nassfeld forest or in the valley, with snow shoes and torches.

Alternative without snow shoes possible when not enough snow.

## Winter Fun Challenge

**30 to 100+ Participants – minimum 12 years – 2 to 4 hours – from end of December till end of March**

### ***Organization and supervision by NTC Sport Guides***

The NTC Fun Challenge is a competition with a variety of fun tasks, creating team spirit and positive group dynamics. Demanding communication and team work makes the participants get to know and appreciate each other.

Divided into teams, the participants must solve several challenging tasks:

#### **Skifox egg race**

Sitting on the Skifox the course slaloms down the hill. To make it a bit more difficult a raw egg in an egg cup has to arrive safely at the finish line.

#### **„Horse Racing“**

Pull a team mate sitting in a tube (tire) over a given distance. The pulling team has belts and need to coordinate to pull the jockey along as fast as possible.

#### **Cross country relay**

Equipped with cross country skis, the team must run a relay. Keep your balance !

#### **Minibob race**

Sitting on the a mini bob, its a ravaging downhill experience.

#### **Snow mini golf**

Try to pocket the ball, not so easy on the snow ! Teammates switch turns until the ball is in the hole.

#### **Snowshoeing race**

Equipped with snowshoes the team must run the slope against time. Fitness and strength are needed here..

**Experience an unforgettable day on the mountain with your family, friends or colleagues !**

## Gailtaler Naturburschn Challenge

**30 to 100+ Participants – minimum 12 years – 2 to 4 hours – from end of December till end of March**

### *Organization and supervision by NTC Sport Guides*

To become an official “Gailtaler Naturbursche” you need to pass the 3 qualifying challenges. During the Final Minibobrace you get a chance to become the overall winner of the challenge !

The group will be divided in teams of 6 people. At each challenge the team members will compete against each other. After completing all qualifying rounds, the team members know there starting places in the final Minibob race.

### **Skifox Track**

Each participant needs to run up the hill with the Skifox and bring it as fast as possible to the starting line at the top. From the top, the participant will have to slalom down, sitting on the skifox and trying to take the curves as fast as possible!

### **Snowgolf**

Each participant will take turns in hitting the orange golf ball until it is potted in the hole. Who goes under par ? Which participant needs the most hits ?

### **Laser targets snowshoe challenge**

Try to hit all 5 target or face the consequences. For each “miss” a penalty track needs to be run.

### **Final: Minibob Race**

The final Race will be the descend down the slalom track on the mini bob ! The starting places depend on the participants score in the first 3 challenges. The participant with the best scores will start in the front, the one with the worst will start in the back. But everything is possible during the slalom race, overtaking is possible ! The first two participants of each race will continue into the next round, hopefully all the way to the final 6 !

## Ski Races

**30 to 100+ Participants – minimum 10 years – end of December till end of March**

Provision and setup of all materials:  
Start and finish line  
Barriers  
Buildup and dismantling track  
Starting numbers  
Marshals along track  
Handling of the complete timing  
Starting and result list  
Stage podium, microphone and speaker system
